

SRS P2 Outreach Program

Technology Day celebrated during National Engineering Week is one of the many events in which the SRS P2 Team participates. This years display, “Whassup in Pollution Prevention,” won 1st place in the Peer Award Category.

At the SRS P2 Earth Day Celebration, the Earth Day Tree give away is always a popular booth for SRS employees! This years event was the largest ever with over 1,000 participants.

The 1st Annual CSRA Middle School ECO-Meet provided friendly environmental competition for area middle school students.

School outreach in the local community provided contact with over 2,000 students and teachers in FY01. The school outreach included: hands on demonstrations, coloring contest, and Earth Day, America Recycles Day and Pollution Prevention week events for students and teachers.
